Jackson and Tilden. The great fact of the year is the return t absolute power of the common enemy of all good Democrats—the political organization of Grant and the Fraud Hayes, and Garfield

The hope of the Democracy is in the loyal efforts of a united press, abarishing no memories of past differences in non-essentials, for getting everything but the lessons of experience, and that victory is a duty.

Probably you know The SUN already as a newspaper which gots all the news and prints newspaper which gots all the news and prints it in incomparably interesting shape; which chronicles facts as they occur and tells the truth about men and events with absolute feariessness, making the completest and most entertaining journal published anywhere on earth; and which sells its opinions only to its subscribers and purchasers at two coats a copy—on Sundays four cents.
